In-Conference Controls

During a conference, the following control keys are available:

- | | |
|------------------------|--|
| # = Skip Intro | During the welcome message, pressing # will skip the PIN playback. Pressing # again will skip the name recording and place you on the call. Please note that if you skip name recording, when a roll call is played, the name will be played as "participant X" X being your participant number, e.g. "participant 5". |
| #6 = MUTE | By pressing #6, an individual can mute and un-mute his/her handset. This is very useful if you are in a noisy location. Muting means that you can hear the rest of the conference but the other participants cannot hear anything from your handset. |
| #1 = HEAD COUNT | This will allow you to review the number of people on the conference call. |
| #2 = ROLL CALL | This is a replay of all names recorded when people arrived on the conference call. All participants will hear the number of people and the roll call. |
| #3 = LOCK | This allows you to lock and unlock a conference call. Locking a conference call stops anyone else from joining it, giving participants peace of mind if sensitive information is being discussed and preventing unnecessary interruptions. |

Ending a Conference

When you have finished your conference call, simply hang up. As each person hangs up, you will hear their name announced. When the last person hangs up, the conference call ends.
